WEDDING VENUE CHOICES

There are so many options in the Ludington area for your wedding and reception. If you don't choose a beach wedding, here are some other ideas that you may want to consider.

Rustic Barns

Do you love the idea of marrying your soulmate inside the natural setting of a cozy barn? Many couples are going this route, and we have some beautiful, historic barns located throughout the county that can be rented for weddings. You and your guests can enjoy the natural, wooded surroundings while you celebrate in the great outdoors. Brides with a rustic wedding in mind typically use decorations that include burlap, mason jars, field flowers, pine cones, and other natural, rustic décor.

Churches

The most traditional ceremonies are held in churches, and Ludington has many to choose from, in every denomination. Some churches are the more conventional type; others have opened up and offer a modern approach that caters to younger people. A visit with a local pastor will get you started on the ceremony of your dreams.

Ludington State Park

You can't go wrong with a wedding at the Ludington State Park. It truly is one of the most beautiful places to start your life together. There is an amphitheater that would be perfect for your nuptials, surrounded by natural surroundings. If you love the water, you could also marry along the Sable River that winds through the park. You must contact the Ludington State Park for permission to hold your ceremony within its boundaries. ☺
