

YOUR LAKESHORE WEDDING BEGINS HERE

Is there a wedding or celebration in your future? The Ludington area is the perfect locale, with a combination of beautiful beaches, parks and woods. Couples who choose Ludington do so because of its location on Lake Michigan and the variety of unique venues in which to hold their ceremony. Whether you marry on the beach, in a traditional church, or at a rustic barn--the Ludington area has you covered.

What is a Destination Wedding?

A destination wedding is more than a ceremony and reception—it's a complete experience. This is an opportunity for couples to escape their hometowns and celebrate their marriage at a gorgeous destination of their choosing. Heading out of town makes your wedding a vacation for all involved, and it just adds that special touch to a memorable day.

Local businesses are more than happy to help with your event, no matter how big or small. Plan your wedding, anniversary or other celebration right here in Ludington along the Lake Michigan shoreline.

Read our Q & A with Ludington's largest convention center. We asked the sales manager at Graystone Event Center to share more information to help you plan your destination wedding.

Has Graystone had ceremonies on-site?

Yes, Graystone Event Center has hosted many destination weddings, all of which have held their ceremony on-site. Graystone offers white chair covers, colored sashes, multi-colored accent lighting, chandeliers, sheer white twinkle light backdrop, a stage, and an outdoor patio. Graystone Event Center is Ludington's perfect all-weather choice for a wedding ceremony.

What are the current trends with decorations?

Up-lighting is a must as it transforms the intimacy of a room. With hundreds of colors to choose from, we are sure to match the walls to the bride's color of choice. The best part is that Graystone offers complimentary up-lighting with the room rental. Another decoration trend is ceiling draping. This is often a detail that is overlooked, but one our preferred decorators encourage. They say draping from the ceiling to the floor, silhouetted by a soft warm glow, is a sure way to create an atmosphere that is unforgettable. Working with several professional decorators allows for Graystone to turn any reception into a real-life fairy tale.

What do typical layouts look like?

We offer a complimentary 3-D visual of the ballrooms set to capacity by using the latest software designed to digitally enhance every detail of the desired layout. Tables, chairs, dance floor, head table, DJ booth, and mobile bars can be moved with a click of a mouse until the bride's dream becomes her reality.

What is the best cost savings advice for a Destination Wedding?

When checking out any location, we would encourage the bride and groom to ask for complimentary items such as Graystone's Rebate Program. This program is designed to potentially offer the entire room rental at Graystone for free when the bride and groom have their wedding guests stay at an affiliated Holiday Inn Express & Suites. 📍

4079 W. US-10
Ludington
